

Commercial Bean-to-Cup Countertop Coffee Brewer

Engineered Like No Other.

For nearly 50 years, Fuji Electric has been manufacturing automated food and beverage distribution solutions that extend throughout the food supply chain. Our breakthrough innovations with beverage preparation and dispensing technologies have led to the development of our Commercial Bean-to-Cup Countertop Coffee Brewer. Based on decades of development and manufacturing experience, Fuji Electric's latest generation Coffee Machines are equipped with our own patented components for optimal performance.

Bean-to-Cup for Fresh Brewed Taste

- Beans are freshly ground for every cup to maximize flavor
- Barista-quality taste with self-serve convenience
- Saves time and money on operation with simple push-button operation
- Slim, modular design to suit a variety of applications
- Ideal for:
 - * Offices
 - * Dormitories/Universities
 - * Restaurants/Convenience Stores
 - * Hotels/Hospitality
 - * Car Dealerships
 - * Retail Locations
 - * ...and more

Customizable to Suit Your Needs

- Fuji Electric combines core technology for energy, IT-enabled control, and food/beverage vending to provide our customers with solutions that ensure safety, security, freshness, and maximum flavor.
- Utilizes Fuji Electric's patented grinding technology for maximum flavor extraction from beans
 - Strict quality control guidelines in our Mie factory (Japan) ensure that each machine meets Fuji Electric standards
 - Machines can be customized to meet individual customer/application requirements including:
 - * Grinder technology to specific beans to optimize the extraction method for that particular bean

Specifications

Category	Commercial-Grade Bean-to-Cup Brewed Coffee Server
Dimensions (inch)	23.6" D x 15.8" W x 32.5" H (600mm x 402mm x 825mm)
Drink Label	Decal
Ingredients	Coffee Beans (Up to 2 varieties) 1.8 [lbs] x 2 (Approximately 55 cups x 2)*
Coffee Grinder	Installed
Coffee Brewer	"Drip" Type with Mesh Filter
Hot Water Tank	0.8 Gallon (3L) (Peak Draw 10 cups/ 10 oz)
Water Supply	Direct Connection to City Water
Power Supply	Single Phase AC 120V ±10V 15A (50 / 60 Hz)
Selection Button Options	Hot Coffee Machine: 2 bean selections x 2 size selections (Programmable up to 16oz)
Size of Waste Container	30 Cups*

*Based on Calculation using 15 g / cup of coffee beans
