

## 5HP Regenerative Blower with Explosion Proof Motor

**Explosion proof motor** (Class 1, Div. 1, Group C, D, T3C, UL certificate, CSA certificate)

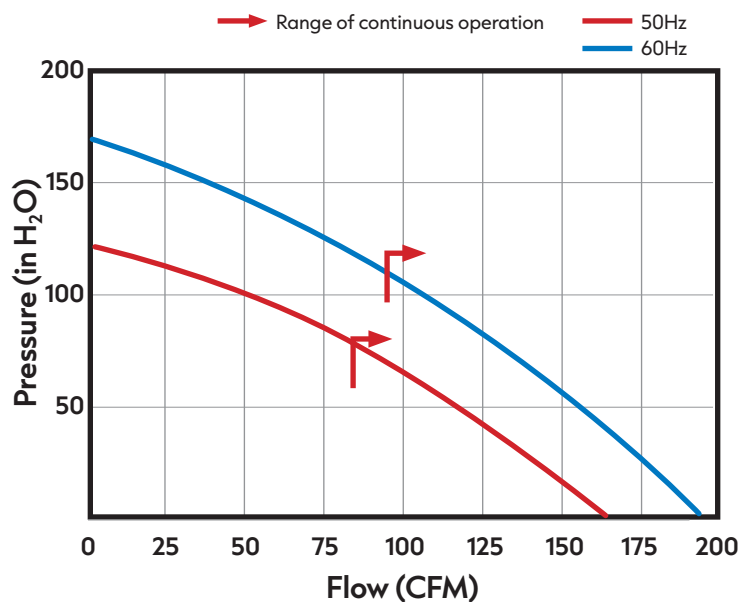

Unit: inches

### Specifications

| Model            | Phase | Voltage | Frequency (Hz) | Rated Output (HP) | Rated Current (Amps) | Max. Pressure (in. H <sub>2</sub> O) | Max. Vacuum (in. H <sub>2</sub> O) | Max. Airflow (CFM) | Noise Level dB (A) | Weight (lbs.) |
|------------------|-------|---------|----------------|-------------------|----------------------|--------------------------------------|------------------------------------|--------------------|--------------------|---------------|
| <b>EXV500-7W</b> | 3     | 230/460 | 60             | 5.0               | 11.6/5.8             | 170                                  | 126                                | 194                | 84                 | 183           |
